|-----|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. | General description | Anthropomorphic vessel |
| 2. | Region | SW Nigeria |
| 3. | Ethnic group | ? Yoruba [NB Identified by the style of the face] |
| 4. | Date of acquisition | 2014 |
| 5. | Weight (kg.) | 1.87 |
| 6. | Height (cm.) | 21 |
| 7. | Width (cm.) | 14 |
| 8. | Restoration | No |
| 9. | Comment | This does not look like any other Yoruba bronze in reference materials and curiously resembles Mangbetu head pots. Can it have been commissioned as a 'one-off'? |
