The Afrihili Language

The Afrihili Centre is happy to bring to you this newsletter. We believe that the time has come for Africa to have a continental language.

Through one language we shall achieve unity and understanding more easily.

We are attempting to create such a language and we hope it may be adopted in future to serve as a lingua franca for the whole continent.

The grammar is easy to learn and the vocabulary is increasing from day to day.

Long live Africa!

WHAT WOULD YOU HAVE DONE?

"E. F. Filipino Gomez,
Accra"

Although the passengers in a lorry which was travelling to Afrilikrom were complaining that he was driving too fast, the driver continued to drive fast.
He had almost arrived in the town, when the lorry ran into a tree beside the road. Some of the passengers received wounds and some died. The driver was not hurt. Instead of ringing for an ambulance for help, he came and stood beside the lorry and shouted “Your money, if you are not dead! Your money if you are not dead!"

One of the passengers on hearing this, closed his eyes and pretended he was dead. What would you have done if you were that man?

POEMS:- I live and Die

—Iumi Atobrah, Akrokreri

I am a foreigner in this world
And think in it as a foreigner thinks
There is a mind
That fixes the circumference
In which I live, speak and die,
So it is
I must sit (down)
And balance things
To the point
When the scales become still.
